## **NOTTINGHAM FOREST COMMUNITY TRUST SAFEGUARDING JIGSAW EXPLAINED...**

Nottingham Forest Community Trust work closely with both adults and children who could be experiencing forms of abuse that are currently being investigated, managed, or supervised by other agencies.

Due to our close working relationships with the community, we may hold the missing piece other organisations are looking for to implement alternative provisions for care or support that can be offered.

Withholding vital information could be detrimental to a person's support opportunities and not allowing other organisations to be involved in our findings could have serious implications to a person's wellbeing.
